

MINUTES OF THE MEETING OF THE
CTSOC QCT TC – July 24, 2023 – online call

Attendees: Kumar Gautam, Rosario Arjona, Edoardo Giusto, Kory Becker, Rafael Sotelo

1. Organization of the 2nd Workshop on Quantum in Consumer Technology at IEEE Quantum Week 2023.
 - Discussion about Panel 2: Quantum Computing Applied to Finances (Panel Leader: Edoardo Giusto)
 - Edoardo has confirmed the participation of Davide Corbelletto from Intesa San Paolo (the largest bank in Italy). He is inviting some other people from the banking sector and from the industry.
 - Kory will transmit the invitation to this panel and the one about Cybersecurity inside her organization, Bloomberg.
 - Rafael to invite other potential speakers from the banking sector.
 - Rafael to ask Yuichi Nakamura about Panel 1 and Salvador Venegas-Andraca and Ahmed Farouk about Panel 3.
 - Panel organizers shall ask the panelists to send photo and min-bio to set up the workshop's website.
2. Reminder to submit papers and organize tracks at conferences organized by CTSoc. For example, ICCE 2024 has the CFP now open.
3. Discussion on a joint paper about the status of Quantum for Consumer Technology for CEMag. This topic was discussed in other committee meetings. No leader right now. A leader is needed to start this initiative.
4. Informative: Dr. Farouk sent to the Transactions on Consumer Electronics a proposal for a Special Section on "Quantum in Consumer Technology: Opportunities and Challenges". The proposal is under review.
